Repeater News

The Repeaters on Roosevelt are chugging right along. The 147.120 K4EJ/r has had to be serviced a little recently. I think Dave has got it going again. Our RCARC 147.015 KE4RX/r machine had some work too and the backup machine was on the air for a week or two. Many folks noticed the longer squelch tail on it. 443.975 KE4RX/r and 224.840 AC4DR/r are running well as far as I know. Don't forget the RCARC Monday Night Net on 147.015 @ 20:00 hours and the Tuesday Night ARES /DEC Nets on 147.120 @ 20:00 hours. Both have PL Tones but are there for everyone to use and enjoy!

The American Radio Relay League **ARRL** is our supporting organization to help give us a voice in the FCC and work toward protecting our frequencies from threats by other commercial services. They also manage and operate many of the contests we enjoy and provide a QSLcard forwarding service many take advantage of. They have a very good monthly magazine to members called QST that is chocked full of information and many other valuable services. Or club is also sanctioned by The ARRL as well.
